

23 24 25

August 2024

India Habitat Centre, New Delhi

AESTHETICS

Learning from Each Other

www.aestheticsdelhi.com

Invitation

Dear Colleagues,

On behalf of the organizing committee, it is our special privilege and honor to invite you for **AESTHETICS 2024** from **23rd to 25th August 2024** at the India Habitat Centre, New Delhi. This endeavor is organized annually for the last 14 years with the theme of '**Learning From Each Other**', and is attended by more than 700 delegates from 15 countries each year. The focus of the Conference has been to create awareness about the interdisciplinary approach to the aesthetic practice & provide a holistic approach to management.

The Organizing Committee is working hard to make this a memorable event with incorporation of didactic and highly interactive sessions from world leaders in aesthetic medicine and surgery. This year we have introduced many new **hands on workshops & master classes** to sharpen your skills. Please visit: **www.aestheticsdelhi.com** for more details.

We look forward to welcome you in Delhi for this exciting academic bonanza.

With Regards

DR. RAJAT KANDHARI
Dermatologist
Scientific Secretary

DR. RAKESH KALRA
Plastic Surgeon
Chairperson
Scientific Committee

DR. HEMA PANT
Dermatologist
Chairperson

DR. VIVEK KUMAR
Plastic Surgeon
Organizing Secretary

AESTHETICS Mentorship Programs

- 6 programs that offer the chance to procure an **international scholarship**, allowing mentees to spend a week with world renowned leaders in the field of Dermatology and Aesthetics.
- The program will provide **complimentary travel and accommodation** for the mentee.
- The candidates would be selected **purely on the basis of merit**. Visit our website to apply today.

Dr. Sanjiv Kandhari Mentorship

Dr. Sanjiv Kandhari

Mentor

Dr. Eckart Haneke

Professor - Bern, Switzerland

Dr. Eckart Haneke is a professor at the Department of Dermatology at Inselspital and University Bern in Switzerland. He is also a Dermatologist at the Clinic for Dermatology Dermaticum, Freiburg, Germany, and Senior Consultant at the Dermatology Centre Epidermis, Institute CUF, Porto, Portugal, and Senior Consultant at Department Dermatol, Acad Hosp, University Gent, Belgium. Dr. Haneke's main research interests include nail diseases, dermatopathology, dermatological surgery, diseases of the oral mucosa, and aesthetic dermatology.

Dr. Haneke has published over 300 journal articles and 160 book chapters. He is the author of one book, co-editor of five books, and has presented over 1200 lectures at national and international meetings. He is also a member of the editorial board of several journals and an ad hoc manuscript reviewer for the following journals: Archives of Dermatology, British Journal of Dermatology, European Journal of Dermatology, Der Hautarzt, Journal of the American Academy of Dermatology, Journal of the European Academy of Dermatology and Venerology and Journal of the German Society of Dermatology.

Prof. Arun K Singh Mentorship

Prof. Arun K Singh

Mentor

Dr. Antonino Araco
Plastic Surgeon, Italy

Dr. Araco is an Aesthetic Surgeon in Rome and Milan, also serving as a Contracted Professor at the University of Camerino and Torino. As Medical Director of Jenevì Medical, he has published 62 articles, reviewed for prestigious journals, and performed over 12,000 cosmetic surgeries since 2001.

He's an international speaker and an expert in Health Law, Medical Responsibility, and Forensic Plastic Surgery.

Dr. R D Mukhija Mentorship

Dr. R. D. Mukhija

Mentor

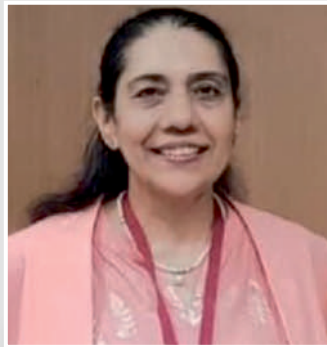

Dr. Doris Maria Hexsel
Dermatologist and Principal Investigator - Hexsel Dermatologic Clinics, Brazil

Dr. Hexsel is renowned for her expertise in cosmetic dermatology. As Medical Director of Hexsel Dermatologic Clinics in Porto Alegre and Rio de Janeiro, she specializes in cellulite treatment and facial rejuvenation. With extensive experience in dermatology.

She is a distinguished member of prestigious dermatological societies and has received numerous awards, including the "Lawrence Field Lectureship" from the American Society for Dermatologic Surgery.

Dr. Niti Khunger Mentorship

Dr. Niti Khunger

Mentor

Dr. Marc Roscher
Dermatologist, South Africa

Dr. Roscher, a leading dermatologist, heads the Skin Centre in Umhlanga since 2001. Specialising in Dermatologic Surgery and Skin Cancer treatment, he's the founding president of SASDS and past President of DASIL. Recognised internationally, he received the Lawrence Field Award (2015 ASDS) and was named International Dermatologist of the Year (2019 DASIL).

Dr. Roscher also leads the Skin Cancer Foundation of South Africa and provides pro bono services through charitable foundations.

Dr. Manas Chatterjee Mentorship

Dr. Manas Chatterjee

Mentor

Dr. Enzo Errichetti
Senior Consultant Dermatologist,
and Venereologist, Italy

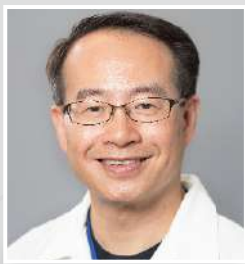

Professor of Dermatology, Dr. Errichetti specializes at the Institute of Dermatology in Udine. He's the Secretary General of the Italian Association of Non-Invasive Diagnostics in Dermatology and a member of the executive committee of the International Society of Dermoscopy.

Dr. Errichetti's research focuses on dermoscopy in non-neoplastic dermatological diseases, particularly in dark skin, with over 150 articles published in international journals. He pioneered the description of dermoscopic characteristics in various dermatoses and coordinated international studies on dermoscopy.

Prof. Somesh Gupta Mentorship

Dr. Somesh Gupta

Dr. S. Brian Jiang
Dermatologist, USA

Dr. Jiang is the director of dermatologic and Mohs micrographic surgery at UC San Diego Health. Specializing in Mohs surgery. Dr. Jiang is a professor in the Department of Dermatology, where he founded and directs the Micrographic Surgery and Dermatologic Oncology Fellowship.

With prior experience at Harvard Medical School, he is also the editor-in-chief of the Journal of Clinical and Investigative Dermatology.

Dr. Hayes Gladstone
President, Gladstone Clinic, USA

Dr. Gladstone completed his medical degree at the University of Rochester and specialized in Mohs Surgery, Reconstruction, and Cosmetic Surgery at UCLA. He is renowned internationally for his expertise and has authored numerous publications.

Dr. Gladstone also co-founded Blade and Light International, a nonprofit providing volunteer Mohs surgery abroad.

Pre Conference Parallel Workshops
(Please select any one workshop)

Course Fee for each Workshop ▶ ₹ 7000

1**Workshop on Lasers****Faculty:** Dr. Greg Goodman, Dr. Mario Trelles, Dr. Ganesh Pai, Dr. Anil Ganjoo, Dr. Anuj Pall

Reinvent your concepts in lasers and energy-based devices. Learn from an expert group everything from what to include in your practice, what works and what doesn't, and tips on the right parameters.

- ✧ Overview of laser physics and application
- ✧ What to buy and how to use?
- ✧ When to say NO to your patients?
- ✧ Dealing with complications?
- ✧ Management of moles and nevi?
- ✧ Managing pigmentary conditions
- ✧ Optimizing outcomes in LHR and Resurfacing
- ✧ Triple wavelength technology - Truth or Hype?
- ✧ Picosecond technology - Is it worth the cost?
- ✧ Energy based devices - WHAT to use for WHICH indication

Q & A Interactive session

2**Workshop on Injectable Basic****Faculty:** Dr. Doris Maria Hexsel, Dr. Latika Arya, Dr. Kritika Pandey

A beautifully designed workshop with star faculty, addressing building blocks and basic techniques with a critical focus on facial anatomy. The workshop is suitable for someone starting an injectable practice and as a refresher guide for practicing injectors.

- ✧ Counselling and facial anatomy
- ✧ Practical aspects in clinical practice - techniques and injection practices for botulinum toxin for upper face and periorbital area
- ✧ Which filler for what area?
- ✧ Contouring the cheek - needle vs cannula
- ✧ Technique for treating nasolabial folds
- ✧ Complications and their management
- ✧ Hyaluronidase - preparation and use

Q & A Interactive session

Program

3 Workshop on Injectable Advanced

Faculty: Dr. Anthony V. Benedetto, Dr. Rajat Kandhari

This workshop focuses on bespoke treatment plans for your patients and a complete insight into advanced techniques in an injectable practice. Proper planning and optimizing outcomes for your patients.

- ✧ How I inject the temporal area
- ✧ Managing the tricky tear trough
- ✧ Tapering the borders – treating the jawline
- ✧ Contouring the lower face with botulinum toxin
- ✧ Microbotox
- ✧ Neck lift with injectables

Q & A Interactive session

4 Workshop on Vitiligo

Faculty: Dr. Somesh Gupta, Dr. Munish Paul, Dr. Kanika Sahni, Dr. Madhulika Mhatre

- ✧ Patient selection and effective methods
- ✧ Procedural details and effectiveness of surgical management in vitiligo
- ✧ Cell based therapies in vitiligo management
- ✧ Surgical management of difficult to tackle areas
- ✧ When not to consider surgery
- ✧ Tips to enhance surgical outcomes

Q & A Interactive session

5 Workshop on Microblading and Scalp Micropigmentation

Faculty: Dr. Aseem Sharma, Dr. Manjyot Marwah, Dr. Jyoti Gupta

This workshop differs from routine micropigmentation workshops as it is curated by and with people who share a common passion - medical tattooing, and have come together to brainstorm about this subject at various platforms. Each faculty member has honed his/her skill set in a unique way. This workshop will not rush through the basics and jump to technique, but will focus on each delegate spending time on the various steps that lead upto the final procedure.

- ✧ Pigments, Colours, Colour-mixing and matching (Hands-On) - An exercise with actual colours to understand skin tone, in-depth
- ✧ Counselling the patient for micropigmentation
- ✧ Scope and revival of micropigmentation
- ✧ Eyebrow mapping and shaping
- ✧ Permanent Make-Up
- ✧ Micropigmentation for Vitiligo
- ✧ Scalp Micropigmentation

Q & A Interactive session

6

Workshop on Scar Management - A Holistic Approach

Faculty: Dr. Patrick Huang, Prof. A K. Singh, Dr. Atul Shah, Dr. Sandeep Arora, Dr. Yogesh Bhingradia

Embracing the best of a dermatological and surgical approach for management of scars topicals and injectable drug therapies for scars.

Scar Surgery - From Z-Plasty to various flaps

- ✧ Dermal fillers in scar management
- ✧ Lasers, and EBD's for scar reduction
- ✧ Radiation therapy for scars & keloids
- ✧ The role of bio fillers and PRP in treatment of scars
- ✧ Laser assisted drug delivery

7

Workshop on PRP and Regenerative Medicine

Faculty: Dr. Angelo Trivisonno, Dr. Shehnaz Arsiwala, Dr. Anisha Sharma

A comprehensive work shop with modified protocols for processing and injecting PRP in androgenetic alopecia, hair thinning, female pattern hair loss and scalp rejuvenation to optimise the results. PRF preparation for both the types solid and liquid and learning about its indications in skin rejuvenation and wound healing.

- ✧ Terminologies, Principles and Methods of Preparation in PRP
- ✧ Preparation of PRP By double centrifugation with video demo
- ✧ Discerning errors in PRP and its legal aspects
- ✧ Conventional methods vs Kits in PRP
- ✧ Growth factor concentrates and combinations with PRP
- ✧ PRF preparation and learning about its indications in skin rejuvenation & wound healing

Q & A Interactive session

Program

8

Workshop on Threads

Faculty: Dr. Paola Rosalba Russo, Dr. Malvika Kohli, Dr. Piyali Chatterjee, Dr. Viral Desai

The workshop focuses on techniques of basic and advanced thread lifts, as monotherapy and / or with other combination treatments.

- ✦ How to select the right candidate for thread lift?
- ✦ Which thread and where?
- ✦ How to optimize treatment outcomes?
- ✦ How to enhance the jawline using threads?
- ✦ How to volumize the face with threads?
- ✦ Combining different modalities with threads

Q & A Interactive session

9

Workshop on Chemical Peel

Faculty: Dr. Edileia Bagatin, Dr. Rashmi Sarkar, Dr. Arundha Abrol

- ✦ The Value of Peels in Aesthetic Practice
- ✦ Next Generation Peels
- ✦ A, B, C of Peeling Technique
- ✦ Complication – How to AVOID them, How to DEAL with them, Advice Tips & Pearls
- ✦ Live Demonstrations and Hands on Training in Chemical Peels
- ✦ Types of Peels and their Indications
- ✦ Non Facial Peels
- ✦ Patients Selection and Preparation

10

Workshop on Non-Surgical Body Contouring

Faculty: Dr. Michael Gold, Dr. Hema Pant, Dr. Indu Ballani

Immerse into the era of contouring the face and body via lasers, EBD's, threads, lipolysis and combination therapies.

- ✦ Role of High Intensity Focused Ultrasound in facial and body contouring
- ✦ Injection and body lipolysis - what to use and how to
- ✦ Cryolipolysis for SMF, love handles, arms, chest and other areas
- ✦ Radio frequency assisted therapies for body and facial contouring
- ✦ Comparative analysis of available treatments
- ✦ How to counsel the patient and run a body contouring practice
- ✦ Threads for body contouring

11

Workshop on Acne Scars

Faculty: Dr. Greg Goodman, Dr. Niti Khunger, Dr. Atula Gupta

Led by experienced faculty, an intensive workshop providing a 360-degree approach on how to tackle stubborn acne scars. How to comprehensively plan the treatment for your patients to give them optimal outcomes and better quality of life.

- ✧ Assessment and planning for treatment of different scars
- ✧ Tackling atrophic & hypertrophic scars by combination treatments
- ✧ Fillers and autologous fat for acne scars – what, when and how?
- ✧ Laser resurfacing and Subdermal Minimal Surgery Technology (Enerjet Technology)
- ✧ Old wine in a new bottle – Optimizing outcomes from punch elevation, punch excision, CROSS technique and subcision
- ✧ Micro needling – How I do it?

Q & A Interactive session

12

Workshop on Hair Transplant

Faculty: Dr. Amrendra Kumar, Dr. Amit Kerure

Learn the tips and tricks of hair transplant from the masters in the trade. A comprehensive workshop dealing with nitty gritty of how to run a successful hair transplantation practice.

- ✧ Setting up a hair restoration practice
- ✧ Patient Counselling in HAIR RESTORATION and when to say NO
- ✧ Role of trichoscopy in preoperative assessment
- ✧ FUE punches and mechanism involved in FUE extraction
- ✧ Anaesthesia in hair transplant
- ✧ FUE vs FUT
- ✧ Recipient site creation and hairline designing (male and female)
- ✧ Implantation techniques
- ✧ HT in advanced baldness
- ✧ HT in scarring alopecia

Q & A Interactive session

Master ClassesFee for
each Course ▶ ₹ 4000**1. Hyperpigmentation - Tips & Tricks in clinical practice** Faculty: Dr. Hema Pant

Hyper Pigmentation- Easy to diagnose but difficult to treat. A detailed session on how to treat difficult cases of Hyper Pigmentation. You will benefit immensely from this round table discussion and learn to combine various therapies to achieve maximum results.

2. Radiofrequency – Tips & Tricks in practice Faculty: Dr. Somesh Gupta

Radiofrequency ablation is a versatile dermatosurgical procedure for various types of skin lesions. Learn about major modalities in radio frequency eg electrosection, electrocoagulation, electrodesiccation and fulguration for their respective dermatological indications. Besides a comprehensive assessment, choice of anaesthesia and consideration of all the factors affecting the efficacy of radio frequency and complication management.

3. How to avoid complications in the Ear lobule repair Faculty: Dr. Atul Shah

Wide ear lobule holes need closure, where many alternatives are available. Discussion will be based on sparing of intact rim and on bringing a small flap to create new tear resistant hole for ornaments. Learn various tips to avoid complications.

4. Masterclass on Lip Rejuvenation Faculty: Dr. Malavika Kohli

Lips and perioral enhancement by hyaluronic gels. Not only lips but perioral filling for ageing lips. Trends and techniques for lip enhancements especially in young females.

5. Masterclass on Dermoscopy Faculty: Dr. Manas Chatterjee

Dermoscopy (also called dermatoscopy), is an essential tool for dermatologists, plastic surgeons, general practitioners and other health professionals. Dermoscopy is the newest kid on the block. Several clinical and aesthetic skin conditions can be diagnosed and their treatment followed up for efficacy. Dermoscopy may obviate the need for biopsy in several hair and nail disorders.

6. My learning in Hyperandrogenic disorders Faculty: Dr. Sanjiv Kandhari

A comprehensive session on management of Androgenetic disorders the right way. Master the art of managing PCOS and hormonal acne and hair loss. Benefit from one to one discussions and clear your doubts.

7. Masterclass on Nail Surgery Faculty: Dr. Eckart Haneke, Dr. Chander Grover

The nail is in fact a complex skin appendage, better known as the nail unit. Operating on this small unit requires a thorough understanding of the nail unit anatomy, which is necessary for avoiding postoperative complications and scarring. Nail surgery is an essential skill, needed for both diagnostic and therapeutic procedures. This masterclass will discuss the basics of nail surgery including anesthesia techniques, appropriate instrumentation, preoperative imaging, nail unit incision lines, and postoperative dressing. Additionally, nail unit injection techniques, nail biopsy techniques, nail tumor surgery and ingrown nail management will be demonstrated with step-wise details.
