

# AESTHETICS

Learning From Each Other

21<sup>st</sup> - 23<sup>rd</sup> August 2026

Bharat Mandapam, New Delhi

[www.aestheticsdelhi.com](http://www.aestheticsdelhi.com)

# Invitation

Dear Colleagues,

On behalf of the organizing committee, it is our special privilege and honor to invite you for **AESTHETICS 2026** from **21<sup>st</sup> to 23<sup>rd</sup> August 2026** at **Bharat Mandapam, New Delhi**. This endeavor is organized annually for the last 17 years with the theme of **‘Learning From Each Other’**, and is attended by more than 1000 delegates from 15 countries each year. The focus of the Conference has been to create awareness about the interdisciplinary approach to the aesthetic practice & provide a holistic approach to management.

**Bharat Mandapam**, a landmark venue that blends **world-class architecture, cutting-edge convention facilities, and India’s cultural elegance**, Bharat Mandapam stands as one of the country’s most prestigious international convention centres - designed to host global summits, exhibitions, and transformative events.

The Organizing Committee is working hard to make this a memorable event with incorporation of didactic and highly interactive sessions from world leaders in aesthetic medicine and surgery. This year also we have introduced many new **hands on workshops & master classes** to sharpen your skills. Please visit: [www.aestheticsdelhi.com](http://www.aestheticsdelhi.com) for more details.

Get ready for **knowledge sharing, innovation, networking, and inspiration** at one of India’s most remarkable venues.

With Regards

**DR. INDU BALLANI**  
Dermatologist  
Scientific Secretary

**DR. RAKESH KALRA**  
Plastic Surgeon  
Chairperson  
Scientific Committee

**DR. HEMA PANT**  
Dermatologist  
Chairperson  
Scientific Committee

**DR. VIVEK KUMAR**  
Plastic Surgeon  
Organizing Secretary

## AESTHETICS E-POSTER AWARDS 2026

### You Win! Your Department Gains!!

- ✧ Letter from HOD is required for abstract submission
- ✧ The prize money will be granted to the winning department
- ✧ Abstract submissions are limited to participants who have completed **self-paid registration only**.

### The Award Categories will include

#### Original Research

₹ 1,00,000

₹ 50,000

#### Case Report/ Case Series

₹ 30,000

₹ 20,000

*The grant will be reimbursed only through the respective Heads of Departments, upon receipt of invoice(s) against Books/ Instruments/ Other valid resources purchased for the department.*

**Dr. Chander Grover**

Dermatologist  
Chairperson

**Dr. Veena Singh**

Plastic Surgeon  
Chairperson

# Aesthetics Mentorship Programs

- 6 programs that offer the chance to procure an international scholarship, allowing mentees to spend a week with world renowned leaders in the field of Dermatology and Aesthetics.
- The program will provide complimentary travel and accommodation for the mentee.
- The candidates would be selected purely on the basis of merit.
- Only Indian doctors practicing in India are eligible for mentorship.
- Applications for the mentorship program are restricted to participants who have completed **self-paid registration only**.
- Each participant is permitted to apply for only one mentorship program.

## Dr. Sanjiv Kandhari Mentorship

**Dr. Sanjiv Kandhari**

### Mentor

**Dr. Eckart Haneke**  
Professor - Bern, Switzerland

Dr. Eckart Haneke is a professor at the Department of Dermatology at Inselspital and University Bern in Switzerland. He is also a Dermatologist at the Clinic for Dermatology Dermaticum, Freiburg, Germany, and Senior Consultant at the Dermatology Centre Epidermis, Institute CUF, Porto, Portugal, and Senior Consultant at Department Dermatol, Acad Hosp, University Gent, Belgium. Dr. Haneke's main research interests include nail diseases, dermatopathology, dermatological surgery, diseases of the oral mucosa, and aesthetic dermatology.

Dr. Haneke has published over 300 journal articles and 160 book chapters. He is the author of one book, co-editor of five books, and has presented over 1200 lectures at national and international meetings. He is also a member of the editorial board of several journals and an ad hoc manuscript reviewer for the following journals: Archives of Dermatology, British Journal of Dermatology, European Journal of Dermatology, Der Hautarzt, Journal of the American Academy of Dermatology, Journal of the European Academy of Dermatology and Venereology and Journal of the German Society of Dermatology.

# Aesthetics Mentorship Programs

## Prof. Arun K Singh Mentorship

**Prof. Arun K Singh**

### Mentor

**Dr. Antonino Araco**  
Plastic Surgeon, Italy

Dr. Araco is an Aesthetic Surgeon in Rome and Milan, also serving as a Contracted Professor at the University of Camerino and Torino. As Medical Director of Jenevì Medical, he has published 62 articles, reviewed for prestigious journals, and performed over 12,000 cosmetic surgeries since 2001.

He's an international speaker and an expert in Health Law, Medical Responsibility, and Forensic Plastic Surgery.

## Dr. R D Mukhija Mentorship

**Dr. R. D. Mukhija**

### Mentor

**Dr. Doris Maria Hexsel**  
Dermatologist and Principal  
Investigator - Hexsel  
Dermatologic Clinics, Brazil

Dr. Hexsel is renowned for her expertise in cosmetic dermatology. As Medical Director of Hexsel Dermatologic Clinics in Porto Alegre and Rio de Janeiro, she specializes in cellulite treatment and facial rejuvenation. With extensive experience in dermatology.

She is a distinguished member of prestigious dermatological societies and has received numerous awards, including the "Lawrence Field Lectureship" from the American Society for Dermatologic Surgery.

# Aesthetics Mentorship Programs

## Dr. Niti Khunger Mentorship

**Dr. Niti Khunger**

### Mentor

**Dr. Foteini Bageorgou**

Owner & CEO

“Forbeterskin.gr Clinic”, Athens Greece

Dr Bageorgou has graduated from the Medical School of the University of Ioannina in Greece. She has specialized in dermatology at Andrea Sygros Hospital in Athens. She received a fellowship on skin cancer at Colorado University (Anschutz University Hospital-Cancer Pavillion). She has also been trained in facial anatomy and dermatosurgery at Medical school of the University of Paris Descartes, as well as in cosmetic medicine and laser applications.

She has been subspecialized in classic and cosmetic dermatology-dermatosurgery. She runs a fully equipped clinic in central Athens where she performs vaginal rejuvenation techniques, fractional laser, Botox, fillers, peeling, liquid lift, skin tightening, dermatoscopy of moles, facial treatments, laser hair removals etc.

## Dr. Manas Chatterjee Mentorship

**Dr. Manas Chatterjee**

### Mentor

**Dr. Enzo Errichetti**

Senior Consultant Dermatologist,  
and Venereologist, Italy

Professor of Dermatology, Dr. Errichetti specializes at the Institute of Dermatology in Udine. He's the Secretary General of the Italian Association of Non-Invasive Diagnostics in Dermatology and a member of the executive committee of the International Society of Dermoscopy.

Dr. Errichetti's research focuses on dermoscopy in non-neoplastic dermatological diseases, particularly in dark skin, with over 150 articles published in international journals. He pioneered the description of dermoscopic characteristics in various dermatoses and coordinated international studies on dermoscopy.

# Aesthetics Mentorship Programs

## Prof. Somesh Gupta Mentorship

**Dr. Somesh Gupta**

### Mentor

**Dr. Atchima Suwanchinda**  
Dermatologic & Cosmetic  
Surgeon, Thailand

Dr. Suwanchinda is a globally renowned dermatologist and dermatologic surgeon from Thailand. She is a recognized pioneer in aesthetic medicine, procedural dermatology, and regenerative aesthetics, with over 30 years of academic, clinical, and global leadership.

Her advanced surgical training includes Mohs micrographic surgery and laser dermatology, with international fellowships in the USA and Germany under esteemed mentors such as Dr. Jeffrey Klein, Prof. Lawrence Field, Dr. Gerhard Sattler, and Prof. Eckart Heneke.

Dr. Suwanchinda is the global innovator of the “Posterior Temporal SupraSMAS Lifting Technique”—a landmark, minimally invasive method for facial rejuvenation. This technique has set a new global standard in temple lifting and facial contouring and is now taught worldwide in advanced procedural courses.

**Pre Conference Parallel Workshops**  
(Please select any one workshop)

Course Fee for  
each Workshop

▶ ₹ 9000

 **21<sup>st</sup> August 2026**

 **9:00 AM to 1:00 PM**

**1**

## **Workshop on Injectable Basic**

**9:00 AM to 1:00 PM**

**Faculty:** Dr Sonja Sattler, Dr Jerryl Banait, Dr Kritika Pandey, Dr Soni Nanda & more...

A beautifully designed workshop with star faculty, addressing building blocks and basic techniques with a critical focus on facial anatomy. The workshop is suitable for someone starting an injectable practice and as a refresher guide for practicing injectors.

- ✧ Counselling and facial anatomy
- ✧ Practical aspects in clinical practice - techniques and injection practices for botulinum toxin for upper face and periorbital area
- ✧ Which filler for what area?
- ✧ Contouring the cheek – needle vs cannula
- ✧ Technique for treating nasolabial folds
- ✧ Complications and their management
- ✧ Hyaluronidase – preparation and use

### **Q & A Interactive session**

**2**

## **Workshop on Injectable Advanced**

**9:00 AM to 1:00 PM**

**Faculty:** Dr Doris Maria Hexsel , Dr Rajat Kandhari. Dr Itishree Gupta, Dr Priti Shukla & more...

This workshop focuses on bespoke treatment plans for your patients and a complete insight into advanced techniques in an injectable practice. Proper planning and optimizing outcomes for your patients.

- ✧ How I inject the temporal area
- ✧ Managing the tricky tear trough
- ✧ Tapering the borders – treating the jawline
- ✧ Contouring the lower face with botulinum toxin
- ✧ Microbotox
- ✧ Neck lift with injectables

### **Q & A Interactive session**

# Workshops

**3**

## Workshop on Lasers

9:00 AM to 1:00 PM

**Faculty:** Dr Michael H. Gold, Dr. Mario A. Trelles, Dr Ganesh Pai , Dr Anil Ganjoo, Dr Anuj Pall & more...

Reinvent your concepts in lasers and energy-based devices. Learn from an expert group everything from what to include in your practice, what works and what doesn't, and tips on the right parameters.

- ✦ Overview of laser physics and application
- ✦ What to buy and how to use?
- ✦ When to say NO to your patients?
- ✦ Dealing with complications?
- ✦ Management of moles and nevi?
- ✦ Managing pigmentary conditions
- ✦ Optimizing outcomes in LHR and Resurfacing
- ✦ Triple wavelength technology - Truth or Hype?
- ✦ Picosecond technology - Is it worth the cost?
- ✦ Energy based devices - WHAT to use for WHICH indication

**Q & A Interactive session**

**4**

## Workshop on Microblading

9:00 AM to 1:00 PM

**Faculty:** Dr Jyoti Gupta, Dr Arushi Dudeja, Dr Gunjan Shah

This workshop differs from routine micropigmentation workshops as it is curated by and with people who share a common passion - medical tattooing, and have come together to brainstorm about this subject at various platforms. Each faculty member has honed his/her skill set in a unique way. This workshop will not rush through the basics and jump to technique, but will focus on each delegate spending time on the various steps that lead up to the final procedure.

- ✦ Pigments, Colours, Colour-mixing and matching (Hands-On) - An exercise with actual colours to understand skin tone, indepth
- ✦ Counselling the patient for micropigmentation
- ✦ Scope and revival of micropigmentation
- ✦ Eyebrow mapping and shaping
- ✦ Permanent Make-Up
- ✦ Micropigmentation for Vitiligo
- ✦ Scalp Micropigmentation

**Q & A Interactive session**

**5**

## Workshop on Hair Transplant

9:00 AM to 1:00 PM

**Faculty:** Dr Antonino Araco, Dr Kavish Chouhan & more...

Learn the tips and tricks of hair transplant from the masters in the trade. A comprehensive workshop dealing with nitty gritty of how to run a successful hair transplantation practice.

- ✦ Setting up a hair restoration practice
- ✦ Patient Counselling in HAIR RESTORATION and when to say NO
- ✦ Role of trichoscopy in preoperative assessment
- ✦ FUE punches and mechanism involved in FUE extraction
- ✦ Anaesthesia in hair transplant
- ✦ FUE vs FUT
- ✦ Recipient site creation and hairline designing (male and female)
- ✦ Implantation techniques
- ✦ HT in advanced baldness
- ✦ HT in scarring alopecia

**Q & A Interactive session**

**6**

## Workshop on Acne Scars

9:00 AM to 1:00 PM

**Faculty:** Dr Niti Khunger, Dr Atula Gupta, Dr Rahul Arora & more...

Led by experienced faculty, an intensive workshop providing a 360-degree approach on how to tackle stubborn acne scars. How to comprehensively plan the treatment for your patients to give them optimal outcomes and better quality of life.

- ✦ Assessment and planning for treatment of different scars
- ✦ Tackling atrophic & hypertrophic scars by combination treatments
- ✦ Fillers and autologous fat for acne scars – what, when and how?
- ✦ Laser resurfacing and Subdermal Minimal Surgery Technology (Enerjet Technology)
- ✦ Old wine in a new bottle – Optimizing outcomes from punch elevation, punch excision, CROSS technique and subcision
- ✦ Micro needling - How I do it?

**Q & A Interactive session**

**Pre Conference Parallel Workshops**  
(Please select any one workshop)

Course Fee for  
each Workshop

▶ ₹ 9000

 **21<sup>st</sup> August 2026**

 **2:00 PM to 6:00 PM**

## **7** Workshop on Regenerative Medicine in Dermatology & Aesthetics

**2:00 PM to 6:00 PM**

**Faculty:** Dr Patricia Gutierrez Ontalvilla, Dr VS Rathore, Dr Kashish Kalra & more...

A comprehensive work shop with modified protocols for processing and injecting PRP in androgenetic alopecia, hair thinning, female pattern hair loss and scalp rejuvenation to optimise the results. PRF preparation for both the types solid and liquid and learning about its indications in skin rejuvenation and wound healing.

- ✦ Terminologies, Principles and Methods of Preparation in PRP
- ✦ Preparation of PRP By double centrifugation with video demo
- ✦ Discerning errors in PRP and its legal aspects
- ✦ Conventional methods vs Kits in PRP
- ✦ Growth factor concentrates and combinations with PRP
- ✦ PRF preparation and learning about its indications in skin rejuvenation & wound healing

**Q & A Interactive session**

## **8** Workshop on Vitiligo

**2:00 PM to 6:00 PM**

**Faculty:** Dr Somesh Gupta and Dr Munish Paul & more...

- ✦ Patient selection and effective methods
- ✦ Procedural details and effectiveness of surgical management in vitiligo
- ✦ Cell based therapies in vitiligo management
- ✦ Surgical management of difficult to tackle areas
- ✦ When not to consider surgery
- ✦ Tips to enhance surgical outcomes

**Q & A Interactive session**

9

## Workshop on Threads

2:00 PM to 6:00 PM

**Faculty:** Dr Paola Rosalba Russo, Dr Indu Ballani, Dr Piyali Chatterjee, Dr. Viraj Tambwekar & more...

The workshop focuses on techniques of basic and advanced thread lifts, as monotherapy and / or with other combination treatments.

- ✧ How to select the right candidate for thread lift?
- ✧ Which thread and where?
- ✧ How to optimize treatment outcomes?
- ✧ How to enhance the jawline using threads?
- ✧ How to volumize the face with threads?
- ✧ Combining different modalities with threads

**Q & A Interactive session**

10

## Nail Workshop: A deep-dive into onychology

2:00 PM to 6:00 PM

**Faculty:** Dr Eckart Haneke, Dr Chander Grover & more...

The nail, a complex skin appendage better known as the nail unit, offers unique challenges in management. Limited reaction patterns make diagnosis often difficult. Onychoscopy and nail surgery are essential skills, needed for both diagnostic and therapeutic procedures.

This workshop aims to simplify nail diagnosis and management.

- ✧ It will discuss the onychoscopic and histopathologic features of common nail disorders, in the light of clinical features.
- ✧ Nail aesthetic enhancement will be discussed and demonstrated with an aim to make the learners understand these procedures, use them judiciously and prevent adverse effects.
- ✧ It will also serve as a primer for nail surgery including anesthesia techniques, appropriate instrumentation, preoperative imaging, nail unit incision lines, and postoperative dressing.
- ✧ Nail biopsy techniques, and ingrown nail management will also be demonstrated step-wise through a video format.

**Q & A Interactive session**

# Workshops

**11**

## Workshop on Peels

**2:00 PM to 6:00 PM**

**Faculty:** Dr Rashmi Sarkar, Dr Suzane & more...

This comprehensive workshop covers in-depth knowledge of skin physiology, peel classifications, indications and contraindications. Detailed discussions on various peeling agents, combinations and ideal patient selection will be done and some newer peeling agents will be included. This workshop will equip you with the expertise to deliver safe and effective peel treatments for optimal skin rejuvenation.

- ✦ The Value of Peels in Aesthetic Practice
- ✦ Next Generation Peels
- ✦ A, B, C of Peeling Technique
- ✦ Complication – How to AVOID them, How to DEAL with them, Advice Tips & Pearls
- ✦ Live Demonstrations and Hands on Training in Chemical Peels
- ✦ Types of Peels and their Indications
- ✦ Non Facial Peels
- ✦ Patients Selection and Preparation

**Q & A Interactive session**

**12**

## Workshop on Non-Surgical Body Contouring

**2:00 PM to 6:00 PM**

**Faculty:** Dr Michael H. Gold, Dr Mario A. Trelles, Dr Hema Pant, Dr Meghna Rastogi Gupta & more...

Immerse into the era of contouring the face and body via lasers, EBD's, threads, lipolysis and combination therapies.

- ✦ Role of High Intensity Focused Ultrasound in facial and body contouring
- ✦ Injection and body lipolysis - what to use and how to
- ✦ Cryolipolysis for SMF, love handles, arms, chest and other areas
- ✦ Radio frequency assisted therapies for body and facial contouring
- ✦ Comparative analysis of available treatments
- ✦ How to counsel the patient and run a body contouring practice
- ✦ Threads for body contouring

**Q & A Interactive session**

## Master Classes

Fee for  
each Course

▶ ₹ 5000

### 1. Hyperpigmentation - Tips & Tricks in clinical practice

Faculty: Dr. Hema Pant

8:00 am - 9:00 am | Saturday 22<sup>nd</sup> August

Hyper Pigmentation - Easy to diagnose but difficult to treat. A detailed session on how to treat difficult cases of Hyper Pigmentation. You will benefit immensely from this round table discussion and learn to combine various therapies to achieve maximum results.

### 2. Undereye Rejuvenation

Faculty: Dr. Indu Ballani

10:00 am - 11:00 am | Saturday 22<sup>nd</sup> August

Go beyond tear trough fillers—learn a comprehensive approach to under-eye rejuvenation combining skin quality, volume correction, and structural support for truly refreshed results.

### 3. AI in Aesthetics: What to trust, What to Question and How to Decide

Faculty: Ms. Sanjana Seth

11:30 am - 12:30 pm | Saturday 22<sup>nd</sup> August

Discover how AI is transforming aesthetic practice—from smarter consultations to precision treatment planning. This masterclass will equip you with practical tools to enhance outcomes, efficiency, and patient experience.

### 4. Tips and Tricks in Fat grafting

Faculty: Dr. D K Gupta

2:00 pm - 3:00 pm | Saturday 22<sup>nd</sup> August

Unlocking the Potential of Fat Grafting: A Comprehensive Session on the Latest Techniques and Innovations.

- ✧ Goal is to provide the most up-to-date information on autologous fat grafting.
- ✧ Latest fat grafting technique involving careful harvesting, fat processing and precise placement of the grafts.
- ✧ Regenerative and stem cell-based techniques for facial rejuvenation
- ✧ Latest Innovation in Fat Grafting and techniques of Stromal vascular fraction (SVF) and Adipose-derived stem cells (ADSCs) isolate from lipo-aspirates
- ✧ Learn supplementation of SVF and ADSCs to fat grafts
- ✧ Cell enriched fat grafting for the treatment of androgenic alopecia and Volumetric rejuvenation in the hands
- ✧ Fat has stem cells and Regenerative applications which are unique and important to know for fat and associated products

Master Classes

Fee for  
each Course

▶ ₹ 5000

## 5. How to avoid complications in the Ear lobule repair

Faculty: Dr. Atul Shah

3:30 pm - 4:30 pm | Saturday 22<sup>nd</sup> August

Wide ear lobule holes need closure, where many alternatives are available. Discussion will be based on sparing of intact rim and on bringing a small flap to create new tear resistant hole for ornaments. Learn various tips to avoid complications.

## 6. From Injector to Icon - Building Aesthetic practice with correct strategies

Faculty: Dr. José Pepe Delgado

5:00 pm - 6:00 pm | Saturday 22<sup>nd</sup> August

Internationally recognized expert in digital marketing, branding, and communication strategies for healthcare professionals. With over 25 years of experience, Pepe Delgado combines technical expertise, strategic insight, and storytelling mastery to help surgeons turn visibility into credibility and patients into ambassadors. His engaging style and real-world experience make his lectures both inspiring and actionable—perfectly aligned with the needs of modern aesthetic practice seeking ethical, sustainable growth.

## 7. My learning in Hyperandrogenetic disorders

Faculty: Dr. Sanjiv Kandhari

8:00 am - 9:00 am | Sunday 23<sup>rd</sup> August

A comprehensive session on management of Androgenetic disorders the right way. Master the art of managing PCOS and hormonal acne and hair loss. Benefit from one to one discussions and clear your doubts.

## 8. Masterclass on Hidradenitis Suppurativa: A Holistic, Stage-Driven Approach with Procedure Videos

Faculty: Dr. Somesh Gupta

10:00 am - 11:00 am | Sunday 23<sup>rd</sup> August

This masterclass presents a stepwise, multidisciplinary framework for HS management—from lifestyle optimization (weight control, smoking cessation, friction-reducing clothing, antiseptic washes) and conservative therapies (topical clindamycin, systemic antibiotics, hormonal agents, retinoids) to advanced biologic therapy including adalimumab, secukinumab, and emerging IL-17 and JAK inhibitors. Recent advances in targeting the IL-17/IL-1 $\beta$  pathways and the gut-skin axis are highlighted, alongside procedural options ranging from deroofing and CO<sub>2</sub> laser ablation to radical surgical excision with reconstruction for Hurley stage III disease. The curriculum integrates pain management, psychosocial support, and biologic-surgical synergy to achieve durable disease control and improved quality of life.

Master Classes

Fee for  
each Course

▶ ₹ 5000

## 9. Masterclass on Advanced Dermoscopy

Faculty: Dr. Manas Chatterjee

11:30 am - 12:30 pm | Sunday 23<sup>rd</sup> August

Step into and beyond the basics and into the world of advanced dermoscopy—where patterns become diagnoses and subtle clues change outcomes. This masterclass is designed for clinicians who want sharper accuracy, deeper insights, and confidence in tackling complex dermatoses.

From algorithmic approaches to real-world case decoding, refine your eye, challenge your thinking, and elevate your clinical decisions.

The dermoscopy masterclass will take you from the basics to advanced dermoscopic diagnosis ensuring that the dermoscope truly becomes an indispensable tool in your hands.
